## **Transfar Positive List: Towards ZDHC MRSL**

Being China textile auxiliary industry leading enterprise, Zhejiang Transfar Co., Ltd. has worked closely with ZDHC, brand marketers and downstream customers, jointly exploring the best paths to ZDHC and how to improve supply chain performance. For effectively carrying out event ZDHC, Zhejiang Transfar Co., Ltd. has voluntarily checked the harmful chemicals in products and taken effective measures to replace the harmful chemicals to achieve goals of the Joint Roadmap: Towards Zero Discharge of Hazardous Chemicals before 2020. Hope this measure can help to improve our company, even all the industry, so that we can lead and promote the healthy development of textile auxiliary chemicals.

In June 2014, ZDHC Group published Manufacturing Restricted Substances List (MRSL). As an active participant of event ZDHC, Zhejiang Transfar Co., Ltd. take immediate actions to comb our products one by one to create a Positive List which can fulfill completely ZDHC MRSL. None of the listed products use as intentional ingredients any of the chemical identified in the ZDHC MRSL.

Hope this brochure will help our partners to choose the attractive quality and eco- friendly textile auxiliaries.
